

Category	Toy	Picture	Description
Fine Motor	Hammer Pegs		<p>A four hole wooden board with a wooden mallet for hammering practice. The board measures 16 x 16 x 9.3cm high and the hammer is 16cm long. Ages 2+ years</p>
Fine Motor	Pound N Roll Game		<p>Children will have loads of fun by pounding the ball and watching it roll down.</p> <p>An exciting and interesting game which is great for developing a sense of hand/eye co-ordination.</p> <p>The pounding bench measures approximately 27.5 x 26 x 24cm high.</p>
Fine Motor	Giant Pegs and Board		<p>Younger children will love to stack the 20 large pegs and let them tumble quietly.</p> <p>Older children can sort the pegs by colour or shape, string them, count them and play pattern games.</p> <p>The pegs and board are made of a flexible soft plastic which feels great to touch.</p> <p>Each peg measures 5cm wide.</p>

<p>Fine Motor</p>	<p>Squeeze and Tweeze Game</p>		<p>Squeeze and Tweeze Game</p> <p>Children will dish-up dexterity as they sort and count these easy-to-manipulate, unique game pieces developing such basic skills as colour, shape, and number awareness. Made from durable plastic, the largest bowl is 19cm in diameter. An activity guide is included. Ages 3+ years</p>
<p>Fine Motor</p>	<p>Form Fitter</p>		<p>Trying to fit a circle into a square? You bet we are! With the FORM FITTER toy, your child will love to open and close the box spilling out the shapes, exploring their textures, and putting them back in. You'll help him discover how to match each of the 8 shapes with its hole. Together you'll learn basic and advanced shapes, he'll hone his fine motor skills and both of you will love that all the shapes store easily in the cube. This toy also helps teach Fine Motor Skills</p>
<p>Fine Motor</p>	<p>Nuts and Bolts</p>		<p>This fascinating Nuts and Bolts game requires a child to recreate various colour/shape sequences as seen on the plastic assignment cards. There are 8 cards, each with 4 assignments. The Nuts and Bolts game can be played either individually or as a group game. Excellent for developing colour and shape awareness as well as enhancing motor skills and hand/eye co-ordination. Packed in a partitioned and lidded beech box (contains 64 plastic pieces). Box measures 8cm x 34cm x 40cm. Ages 3+ years.</p>

Fine Motor

Bee Hives

Helps develop fine motor skills by matching a bee to the hive by using the pincer grasp or forceps.

PLAYTIME IDEAS:

- * Match the bee with the hive using the pincers to grasp.
- * For advanced play, children use forceps to get the bee into the hive without it falling down.

DEVELOPMENTAL BENEFITS:

1. Physical Development
 - * Eye-hand coordination.
 - * Gross motor skill (leg muscle, hand muscle-obtained from running, walking and exercising).
 - * Fine Motor skill.
 - * Skilled and efficient in walking and balancing.
 - * Agility and skilful in movement.
2. Social Development
 - * Children playing in groups.
 - * Relationship within the family (parents have an involvement in playing with their children).
 - * Practice social skill, co-exist, patience and wait.
 - * Educate them about virtue, morality and social etiquette.
 - * Educate them how to live in the society.
3. Logical Thinking
 - * Reasoning regarding occurrence of sound and structure.
 - * Ability to think, analyse, plan and organize.

Fine Motor	HandiWriters (2)		<p>Description: The HandiWriter® & SportWriter are stretch knit bands, with a charm on a cord.</p> <p>Materials/Construction: Soft, comfortable, cotton stretch knit band, satin cord. The HandiWriter® has a dolphin charm, and the SportWriter has a Baseball or Soccer Ball charm.</p> <p>Instructions: The HandiWriter® is worn with the large loop around the wrist. The charm is held in the palm of the hand with the little and ring fingers. The thumb, first and middle fingers grasp a pencil and the top loop of the HandiWriter® is placed around the top of the pencil. This pulls the pencil back into the web of the hand, and forms the therapist recommended “TRIPOD GRIP”.</p>
Fine Motor	Pencil Weight		<p>This small modification results in big sensory changes and improved performance. The weight slides on easily and is secured with small O-Rings. Can be placed at the finger grasp for a larger surface or higher for a normal grip. Each weight weighs approximately 1.5 ounces, perfect for elementary students or adults.</p>
Fine Motor	Mini Spring Scissors		<p>Spring feature assists young children with the cutting action. Features blunt stainless steel blade</p>

<p>Fine Motor</p>	<p>Play dough cutters</p>		<p>Includes 6 different animal shapes, a rolling pin and a plastic cutter.</p>
<p>Fine Motor</p>	<p>Mr Potato Head</p>		<p>Use the silly pieces-and your imagination-to create all sorts of funny Mr. Potato Head looks</p> <p>With 3 spud bodies and almost 50 parts, there is plenty of inspiration to keep your creative juices flowing</p> <p>Includes 1 small and 2 large potato bodies and accessories</p>
<p>Gross Motor</p>	<p>Shape Mat with Bean Throws</p>		<p>Use this mat (60cm square) to help children recognise shapes, colours and size.</p>

Gross Motor	Outdoor Skill Game		<p>Apart from 9 soft balls, the Activo game also contains 2 sets of hook-and-loop pads for both arms and legs and for the child's body. Before the game start, the children put on these pads, ensuring that the hook-and-loop surfaces are on the outside. The hook-and-loop pads and the straps with integrated buckles can be adapted to all sizes of children aged between about 4 to 12 years.</p> <p>The game begins as soon as the children have put on the pads. Each child is given 4 balls and tries to hit the other play with them. Of course, the other tries to prevent this by skilfully dodging these balls. You know immediately if you have managed to hit the other player because the ball sticks to the hook-and-loop pad on the other player. The winner is the first to have used up all his balls by successfully hitting the other player.</p> <p>This game trains swiftness, skill and the ability to react nimbly and adroitly.</p>
Gross Motor	Auto Pitch Batting Trainer		<p>Teach and develop Active Play, Social Skills and Coordination Includes bat and 5 balls. Converts from T-ball to auto pitcher.</p>
Gross Motor	Medium Parachute		<p>A group activity for young and old alike. The parachutes have been designed for the response and rhythmic movement intrinsic to parachute play activities. Each parachute is made of colourful, light-weight, fire-resistant polyester featuring very strong handles. The parachutes have a strong 1cm thick rope sewn into the outer edge, allowing a large number of people to play simultaneously. Ages 4+ years.</p>

Gross Motor	Throw n Go Parachute		<p>This nylon parachute has 16 handles and is suitable for up to 8 players. The handles are sewn into the hem so that the force is not directly exerted onto the parachute. Measuring 290cm in diameter, it comes with one PVC ball. Excellent for encouraging motor and social skills. Ages 4+ years</p>
Gross Motor	Yoga cards		<p>Introduce yoga to your students. The cards are split into three levels (easy, intermediate and challenging). On the front is a photograph of a child surrounded by a bright image. On the reverse are illustrated instructions. The easy-to-follow teacher guide includes stretching exercises and follow up activities to integrate yoga into other areas of the curriculum. Each card measures 22 x 28cm. Ages 4+ years</p>
Gross Motor	Gross Motor Exercise Cards		<p>Develop and practice gross motor movements with bright exercise cards. Each card is printed on the front with a photographic action pose and on the back with illustrated instructions. Includes warm up exercises and sample routines. Cards (22 x 28cm) are sealed with a protective coating and have 3 challenge levels. Includes an ideas guide. Ages 3+ years</p>

Gross Motor	PVC Clear Tunnel		<p>Children can be seen while they are crawling through this PVC clear tunnel. Great for those who might have a slight fear of dark places. The tunnel is 60cm in diameter and 180cm long. Multiples shown. Ages 3+ years</p>
Gross Motor	Move Your Body Dice		<p>1 soft blue dice with pictures of hand, foot, arms, legs, face , and a child in action. Throw the dice, name the body part and make up a story or gesture using that body part. Stimulates creativity, speech and physical movement.</p>
Gross Motor	Safety Scooter Board with Handles		<p>This scooter is made of a sturdy, thick, moulded plastic material and measures approx. 30cm square, not including handles.</p> <p>An ideal way for children of many strengths and abilities to practice balance and movement; develop bi-lateral co-ordination and kinesthetic awareness.</p>
Gross Motor	Sit 'n Gym - 45cm		<p>The Sit'n'Gym ball has little feet to prevent them from rolling away when used as a sitting ball.</p> <p>Widely used in European kindergartens and classrooms, the Sit'n'Gym encourages dynamic sitting through gentle body movements that improves blood circulation and increasing a child's attention span which is conducive to better learning. It also promotes proper body alignment for better posture.</p>

<p>Gross Motor</p>	<p>Weplay Basic Motor Skills Set</p>		<p>Weplay Basic Motor Skills Set. This group of components can be used separately or in combination to provide a platform for children to improve their physical skills. The set includes: half brick (8 pieces), brick (8 pieces), balance beam (4 pieces), 60cm hoop (2 pieces), 70cm pole (2 pieces), 35cm pole (2 pieces), Clip A (4 pieces), Clip B (4 pieces) and one guide book. All is supplied in a storage bag which measures 60 x 80 x 14cm. Set of 34 pieces. Ages 3+ years.</p>
<p>Games</p>	<p>Dotty the Dinosaur</p>		<p>Can you help the dotty dinosaurs to find their missing spots? Throw the dice to match the shapes or colours. Includes 4 dinosaur boards, 2 shape boards, 2 disc boards, 1 red shaker, 1 blob die, 1 shape die and an instruction leaflet. Suitable for 2 to 4 players. Ages 3+ years</p>
<p>Games</p>	<p>What A Performance</p>		<p>Be a star and rise to the challenge in this all-action game of fun for all the family! Can you pretend to be a monkey, make a noise like a firework or wiggle your ears? If you can't, use the magic decoder and reveal your hidden forfeit. Fun for all the family, and great to play as teams!</p>
<p>Games</p>	<p>Shopping List</p>		<p>This set includes 1x Shopping List Game (OC003) 1x Shopping List Fruit & Vegetable Booster Pack (OC090) and 1x Clothes Booster Pack (OC091). Can also be purchased separately. Ages 3+ years.</p>

Games	Spotty Dog		<p>Learn to count numbers with these spotty dogs. Spin the spinner, match the number to the dog's spots and see how many biscuit bones are in the basket. Suitable for 2 to 4 players. Ages 3+ years</p>
Games	Yo Ho Ho! (Pirate)		<p>Use your memory to make up the different pirate pairs. If a pirate flag is turned over, do a dastardly deed and take another player's cards!</p>
Games	Bus Stop		<p>Throw the dice to move around the board counting passengers on and off your big bus. Try to be the person with the most passengers when you arrive at the bus station. For 2 to 4 players. Ages 4+ years</p>
Games	What's Rubbish?		<p>Collect the different sorts of rubbish to put in the recycling bins, but watch out for the litterbug in this exciting game! 2 - 4 Players, Ages 5 - 10</p>

Games	3D Farm Memory Match-Up		New updated box reflects the recyclable green that is used in groceries now. Contains 20 Animal Figure components, 20 cups, 1 box. Ages: 3 +
Games	Who's Who Game		Each player starts the game with a board that includes cartoon images of 24 people and their first names with all the images standing up. The game starts with each player selecting a card of their choice from a separate pile of cards containing the same 24 images. The object of the game is to be the first to determine which card one's opponent has selected. Players alternate asking various yes or no questions to eliminate candidates, such as "Does this person wear glasses?" The player will then eliminate candidates by flipping those images down until all but one is left. Well-crafted questions allow players to eliminate one or more possible cards.
Games	Draughts		Includes wooden draughtsmen and a high quality board. Age Group 6+
Games	Junior Colorino Games		A one player game for small children to help them learn their primary colours. The child basically needs to place the colour chip on the correct space on the board. Four different boards (sheets) are included with different pictures on each. One side of each board has the picture in colour while the other side has it in black and white.

Games	Snap for Beginners		<p>Snap For Beginners contains 160 laminated cards, divided and coded into two sets. Ideal for the development of pre-reading skills, the cards are perfect as a sorting and matching activity for children ... or if you prefer ... small groups can have lots of fun playing Snap, Fish or Concentration ... games that will enhance their social, language, memory, concentration, visual recall and discrimination abilities. Thirty-two 'trick' cards are included in each box to add an extra level of difficulty. Now the children need to be very careful not to 'snap' on the cards that are different in either size or colour!</p>
Games	What is the Main Idea?		<p>This Super Fun Deck has 120 story cards to help students learn how to identify the main idea in a paragraph. Each card has a short narrative followed by three possible choices for the main idea of the story. Players listen to or read the story, and then decide which choice best fits. Two levels of paragraphs are provided: 1) 3-4 sentences long; 2) 5-7 sentences long. Students can self check their answers with the secret decoder provided. Includes answer keys and extension activities. For ages 8+ years.</p>
Games	Topic Talk Conversation Card Game		<p><i>TopicTalk Conversation Card Game</i> is a fun way to help students begin a conversation with a specific topic, ask/answer questions about the topic, make comments, and/or maintain the topic for a specific.</p>
Games	Monster Snap		<p>A great way for young children to develop word and picture matching skills.</p>

Games	The Fabulous Memory Game for Aussie Kids		Help your children develop problem solving and social skills through play. It is ideal for toddlers with no reading required.
Games	EduFun Memory House		The child removes two covers to match pairs. This activity advances from matching identical pairs to matching logically linked objects. Includes objects, shapes, colours, number, quantities.
Games	Social Sequence-At School		Social Sequences-At School Develops sequencing and language skills. Contains 12 four-card sequences covering physical education, eating lunch, painting a picture, writing, playing with sand, going home, and more inc. 48 196x138mm cards 12 write-on, wipe-off, card strips, a wipe off pencil and multi-language teacher's notes containing a wealth of activity ideas
Games	What do you Say.. What do you Do.. At School A Social Skills Game		<p><i>What Do You Say....What Do You Do...At School?</i> is a colorful, fun, interactive board game for teaching and reinforcing important social skills that students need for successful interaction with their peers, teachers, and parents. The social situation cards in the game target reasoning, inferencing, pragmatic, narrative, and conversational skills. The question cards emphasize typical situations that children encounter at school, as well as peer relationships, safety precautions, following the rules, and interactions with adults. The questions are open-ended, requiring children to problem-solve and develop their own solutions to the situations. Additionally, the presentation of specific social situations encourages children to engage in role-play.</p> <p>Challenge your students as they tour the school, collect tokens, and deal with everyday social skill situations in the classroom, lunchroom, school offices, related arts, playground, and around school areas. With almost 400 different social situations, your students will never</p> 

			<p>play the same game twice! 2 to 6 players.</p>
Games	The Socially Speaking Game	 <p>The image shows the box for 'The Socially Speaking Game'. The box is blue and yellow, featuring the title 'The Socially Speaking Game' in large, stylized letters. It also shows a game board and some cards.</p>	<p>The Socially Speaking Game teaches and reinforces important social skills using a variety of role-playing and problem-solving activities. In the Socially Speaking Game, students practice effective social interactions like greeting, turn-taking, eye contact, listening, compliments, emotions, telephoning others, showing an interest in what others are saying, sitting appropriately, asking and answering questions, using your voice effectively, developing and maintaining friendships, and communicating in a variety of situations (school, friend, restaurant, etc.). The Socially Speaking Game includes:</p> <ul style="list-style-type: none"> • Game board, • 100 question cards, • 6 playing pieces, • 24 coloured rings, • a die, • and an instructional booklet. <p>Improve your students' social skills while targeting self-esteem, listening skills, receptive and expressive language, and problem-solving. Question cards address social skills in the home, at school, and in the community. <i>Socially Speaking</i> cards allow students to discuss social situations, emotions, and appropriate behaviours.</p>
Games	Dominoes (Toy Story)	 <p>The image shows the box for 'Toy Story Dominoes'. The box is blue and yellow, featuring the title 'Toy Story Dominoes' and a picture of Buzz Lightyear.</p>	<p>Includes 36 Domino cards.</p> <p>Learn how to match Toy Story Characters with this dominoes game.</p>

Games	Dominoes (Shapes and Colours)		<p>Dominoes Shapes and Colours develops the essential skills of matching and recognising shapes and colours.</p> <p>The game contains 28 large cards, each with two different shapes. Children can match the cards by their shapes or colours, or even both for a challenge, so it is suitable for a range of ages as well as levels of difficulty. By playing the game children sharpen their observation and problem solving skills</p>
Games	Lotto (Animal Sounds)		<p>Animal sounds lotto is not only a visual and auditory attention game. The quality of the photos and the surprising nature of some animal sounds are excellent materials for discovering the fascinating world of animals. The game is based on a choice of a number of animals well-known to children, which helps them to become familiar with the rules of the game and also introduces photos of less well-known animals and entirely new sounds. Using the spontaneous comments and diverse interaction that the game creates, numerous language, comparison, and sorting activities can be organised around the topic of animals.</p>
Games	Lotto (Sound Lotto of Everyday Sounds)		<p>These listening activities aim at developing children's auditory sensitivity, discrimination and memory.</p> <p>Educational objectives –</p> <ul style="list-style-type: none"> • Listen to and identify everyday sounds. • Memorise sounds and noises and associate them with an image. • Sensitize children to reading, which is learnt through listening to syllables and phonemes. • Building vocabulary.
Games	Let's Predict Fun Deck		<p>It's time to look into the future and talk about what will happen... after the little girl swings at the baseball... when the little boy digs a hole... once the elephant stands on the small stool. These are samples of the 56 different scenes you'll find in this enjoyable <i>Let's Predict Fun Deck</i>. The many language possibilities are endless because you receive 56 open-ended scenes! Cards measure 2 ½" x 3 ½" and are stored in a sturdy storage tin.</p>

Games	Social Inferences Fun Deck	 <p>The image shows a red box for the 'Social Inferences Fun Deck' with a blue base. Next to it are two sample cards. One card features two cartoon children and a question: 'All the children in the room were really, really, really happy. They were laughing and shouting and jumping up and down. Why were they so happy?' The other card shows a character and asks 'Carmie is happy because...'</p>	<p><i>Social Inferences Fun Deck</i> with Super Duper Secret Decoder has 63 social story cards to help students improve their inference-making skills. Students listen to/read the stories and choose the answer that represents a logical inference. There are three social skills sections.</p> <p><i>Section I</i> – (cards #1–21) asks the student to make an inference about the character’s personality based on his/her behaviour in the scene.</p> <p><i>Section II</i> – (cards #22–43) asks the student to infer how the character in the scene is feeling.</p> <p><i>Section III</i> – (cards #44–63) asks the student to identify the appropriate/inappropriate behaviour the character is displaying in the scene.</p>
Games	Understanding Inferences Fun Deck	 <p>The image shows a yellow tin for the 'Understanding Inferences Fun Deck'. Next to it are two sample cards. One card shows a girl and a large orange fish and asks 'Carmie is happy because...'. The other card shows a girl and a duck and asks 'Mindy was surprised because...'</p>	<p>Inferencing is now more interesting—thanks to the <i>Understanding Inferences Fun Deck</i>! Motivate students to boost reasoning skills with these colorful and clever illustrations and situations. Craving variety? The 52-card deck sports eight different types of cards for an endless array of activities. Also includes six bonus cards for game variations and two content/game idea cards. Cards measure 2 ½" x 3 ½" and are stored in a sturdy storage tin.</p>
Imaginative Play	Birthday Cake	 <p>The image shows a wooden toy birthday cake on a circular wooden base. The cake is divided into six sections by white icing and red decorations.
